Publication of presentations on BIB-OPUS

The presentations given at the 8th Bibliothekskongress (110th Deutscher Bibliothekartag) will be published on BIB's (Berufsverband Information Bibliothek) online publication server as usual. The presentation abstracts have already been uploaded to BIB-OPUS. Since we want to complete the PDF-file containing your presentation slides, we ask you to provide some additional information in the attached form.

Libraries and Librarians support open access to publications in manifold ways. Therefore, we at BIB are committed to promoting open access, for instance by publishing the publications of our congresses / meetings open access. We recommend using the **Creative Commons license CC BY** (<https://creativecommons.org/licenses/by/4.0/>).

We appreciate your help and your contribution
